Mysore,

28. 8. 1961.

I thank you for your kind letter of the 12th August 1961 and I am most grateful to you for the interest you are taking in fixing up engagements for me with several universities. For the present the six universities you have thought of appear to be quite sufficient.

Recently I had an occasion to meet Mr Galbraith at Madras. I have had a short chat just to know him. I have not discussed these matters with him. Thank you very much for kindly asking Mr Galbraith to interest himself in my case.

My Mother and Her ~~Highness~~ the Maharani join me in sending our warm regards to Mrs Bunker and yourself,
